From the East - *Worshipful Marion P. Rogers, Master*

The rains are letting up and it's getting warmer. Summer will soon be here. This is my favorite time of the year. I think it has to do with new beginnings as we see the flowers, trees and vegetable gardens start to flourish and grow.

I have just returned from a Master and Wardens Retreat along with Junior Warden Michael Roberts, PM. Senior Warden Harry Burt attended an earlier Retreat. They are annual conferences conducted by the Grand Lodge, with the Grand Master and most of the Grand Lodge Officers in attendance. Masters and Wardens from approximately 350 California Lodges participate in these conferences each year. We listened to several lectures and participated in breakout sessions that were designed to inform us of opportunities and strategies for improving our Lodges and making them more productive. I especially appreciated the opportunity to talk with the officers of other Lodges and to gain useful ideas.

We have received two applications for degrees and three applications for affiliation into our lodge this year. On May 10th, beginning at 6:30 PM, we will be conferring the first degree of masonry upon Mr. Jonathan Groetsch in our Lodge. We are excited about the opportunity to accept another brother into our Lodge and the officers are presently honing their ceremonial skills for the event. Brother Larry Strohmeyer was also recently elected to affiliate with our Lodge and we are happy to have him back.

At our last Stated Meeting Dinner, we had the privilege to present the Golden Anniversary award to two of our members, Brothers Fred Schachtman and Tommy Thompson. It was stimulating to see several other brothers who have received this prestigious award in attendance at this event. The presence of Worshipful Otis Simonsen was especially inspiring as he served as Master of our Lodge when Brother Tommy Thompson was raised 50 years ago.

From the West -*Harry G P Burt, Senior Warden*

Since coming to the UK, I have visited four lodges. The first lodge I visited was [Monolithos Lodge](#) in Leamington Spa., where along with dignitaries from Provincial Grand Lodge, I was privileged to witness a double third degree. Afterwards I participated in their festive board, complete with the traditional loud thumping of “fire glasses” on tables. The current officers and brethren of Monolithos Lodge are keen to host us in our presentation of a California Ritual, and there is even talk of putting on a Second Degree. If we were to pull that off, it might be the first time that particular California Ritual will be presented in the UK. Thoughts are also running to having a festive board attended by families.

My next stop was Knutsford, where I attended [North Cheshire Haven Lodge](#) No. 4939 with Andrew Fraser, a particular friend of Bro. Frank Shoffner. The Lodge is a spacious and magnificent converted barn, with an attached dining room. The facility was constructed by Brother Leicester Warren and donated to the lodge. At this lodge I witnessed another third degree that was also attended by Provincial dignitaries. It was followed by a magnificent dinner, but no fire glasses were used since the tables were not designed to take the forces involved.

Then I backed into another event. [Marmion Lodge 1039](#) in Tamworth was hearing a lecture on Sacred Geometry given by Bro. Matthew Hargreaves, Jr. Warden. You can imagine how that opportunity attracted me. This incidentally was the first time on this trip that I had to prove I was a bona fide Mason, which was an interesting exercise in its own right. I hope that we can arrange for our group to hear the lecture during our trip next year. It is quite an eye opener for anyone who has doodled with a compass. By removing some masonic allusions, I believe the lecture can be made a family event. I hope the lecture will be followed by a trip to the local church where the sacred geometry can actually be seen.

On April 20th, I attended a second degree portrayal at [Ethelfleda Lodge 6600](#), which is the daughter lodge and shares the same premises with Marmion Lodge. At the ensuing festive board it was very clear that our visit celebrating the tercentenary is eagerly anticipated.

See you in lodge on May 3rd when I will fill you in on even more.

From the Secretary's Desk *-Fred Lezak, Secretary*

April has come and gone. One of the highlights of April is the opening of the baseball season. And with the opening of baseball comes the annual Masons4Mitts program. The Masons4Mitts program provides a little league like experience for children from underserved and distressed communities. The program in

Northern California is through the Junior Giants which is affiliated with the San Francisco Giants. This program provides organization, coaching, facilities, venues and equipment to those children that would otherwise not be able to afford such a program.

The Masons4Mitts program provides mitts for this effort. You can “buy” a mitt for just \$20. Last year, California Masons donated over \$90,000 through the Masons4Mitts program. Acalanes Fellowship Lodge provided more than 30 mitts for the boys and girls

entered in the league. I ask you to, once again, step into the batter's box and donate a mitt. You can go directly to www.masons4mitts.org to donate. Be sure to note that you are donating through Acalanes Fellowship Lodge #480 so we get credit. You can also give your donation to me or send it to me at the Lodge. I will make sure it gets to the right place.

At our April stated meeting we had 52 people to dinner and more than 35 brothers in lodge. If you have not been to our stated meeting dinner and lodge meetings recently, you really need to come. The sharing of brotherhood, the ritual and the true essence of masonry is here. Become a part of it once again. Join us. You won't be sorry.

Hall Association Report *-Bob Smith, President, Hall Association*

It's been a very quiet month for the Hall Association.

Some minor repairs were completed and Wifi was brought downstairs into the social area.

Rentals are looking good for the summer with the cooking school renting the kitchen and social area for eight weeks from 8:30am to 4:30pm.

We plan to work on our parking lot and the Moraga side of our building where there was some minor damage caused by an automobile accident.

Please look for an Email for help in the next several months.
